DISTRIBUTOR'S WARRANTY

Honda Canada Inc., for and on behalf of Honda Motor Co. Ltd., Tokyo, Japan, gives the following written warranties on each new Honda SXS/MUV manufactured by the manufacturing facilities controlled by Honda Motor Co. Ltd., distributed in Canada by Honda Canada Inc. and sold by an authorized Honda SXS/MUV dealer.

(Whenever used herein, the word "Honda" refers to Honda Canada Inc. and/or Honda Motor Co. Ltd. as appropriate from the context.)

HONDA WARRANTS THAT each new SXS/MUV will, under normal use and maintenance, be free from any defects in material or workmanship for the terms as outlined below:

CATEGORY	MODELS	TIME AND DISTANCE
SXS/MUV	2009 – 2024	1 year, unlimited mileage, freely transferable warranty; extended coverage available with Honda Plus

This warranty begins on the date the SXS/MUV is delivered to the first retail purchaser or the date it is first placed in service as a demonstrator, lease or company SXS/MUV.

If any defects should be found in an SXS/MUV within the respective periods stated on this page, necessary repairs and/or replacement with a new Honda part or the Honda equivalent shall be made at no cost to you for parts or labour, when Honda acknowledges that such defects are attributable to faulty material or workmanship at the time of manufacture.

Exceptions to this warranty are noted on the following pages under Seat Belt, Tire and Emissions Warranties.

THE WARRANTY COVERS

- a) Any Honda SXS/MUV purchased in Canada from an authorized Honda SXS/MUV dealer which has been registered at the time of purchase, which has had set-up and pre-delivery service performed by an authorized Honda SXS/MUV dealer and which is normally operated in Canada.

- b) Any factory installed part except normal maintenance parts referred to in “THE WARRANTIES OUTLINED DO NOT COVER.”

- c) Any Honda SXS/MUV on which required maintenance services have been performed as prescribed in the Owner’s Manual.

SEAT BELT WARRANTY

Honda Canada Inc. will repair or replace at its option, any Honda SXS/MUV seat belt component that fails to function properly during normal use. This includes all parts and labour.

This warranty's coverage begins on the same date as the new SXS/MUV Warranty, and continues for 5 years unlimited distance.

This warranty does not cover replacement of a properly functioning seat belt assembly strictly for cosmetic reasons, and failure caused by abuse, alteration, accidental damage, misuse, or malfunction resulting from a collision.

TIRE WARRANTY

Tires originally installed on new Honda SXS/MUVs are warranted by their manufacturer and **NOT** by Honda. If an original tire on your SXS/MUV has a defect in material or workmanship, please contact your tire manufacturer or ask your Honda SXS/MUV dealer for assistance.

EMISSION CONTROL SYSTEMS WARRANTY

All Honda SXS/MUVs are designed and built to comply with all applicable Canadian federal emissions standards in effect at the time of manufacture. Any defects in materials or workmanship which would cause non-compliance within the periods stated below will be repaired or replaced at no cost for parts and labour.

Emission components of the SXS/MUV engines are warranted for 30 months (2½ years) unlimited distance.

This warranty begins on the date the SXS/MUV is delivered to the first retail purchaser or the date it is first placed in service as a demonstrator, lease or company SXS/MUV.

WARRANTY COVERAGE

Emission components of the Honda SXS/MUV engines are covered by this warranty for a period of 30 months (2½ years), from the date of delivery to the first retail purchaser. This warranty is transferred to each subsequent purchaser for the duration of the warranty period.

Warranty repairs will be made without charge for diagnosis, parts, and labour. All defective parts replaced under this warranty become the property of Honda Canada Inc. A list of warranted parts appears at the end of this section. Normal maintenance items, such as spark plugs and filters, that are on the warranted parts list are warranted up to their first required replacement interval only.

Only Honda approved replacement parts will be used in the performance of any warranty repairs and they will be provided without any charge to the owner. The use of replacement parts not equivalent to the original parts may impair the effectiveness of your engine's emission control system. If such a replacement part is used in the repair or maintenance of your engine, and an authorized Honda SXS/MUV dealer determines it is defective or causes a failure of a warranted part, your claim for your engine may be denied. If the part in question is not related to the reason that your engine requires repair, your claim will not be denied.
